

Spectrum (Say My Name) Florence and the Machine 2012

When we first came here
We were cold and we were clear
With no colours on our skin
We were light and paper thin

When we first came here
We were cold and we were clear
With no colours on our skin
'til we let the spectrum in

Say my name *[name]*
And every colour illuminates
We are shining
And we will never be afraid again

Say my name *[name]*
As every colour illuminates
We are shining
And we will never be afraid again
Say my name *[name]*
As every colour illuminates
We are shining
And we will never be afraid again

And when we come for you
We'll be dressed up all in blue
With the ocean in our arms
Kiss your eyes and kiss your palms

And when it's time to pray
We'll be dressed up all in grey
With metal on our tongues
And silver in our lungs

Say my name *[name]*
And every colour illuminates
We are shining
And we will never be afraid again

Say my name *[name]*
As every colour illuminates
We are shining
And we will never be afraid again
Say my name *[name]*
As every colour illuminates
We are shining
And we will never be afraid again

(Reds and Pinks only)
So say my name
And every colour illuminates
And we are shining
And we'll never be afraid again
Say my name [oohhhsss]
As every colour illuminates

Say my name *[name]*
As every colour illuminates
We are shining
And we will never be afraid again
Say my name *[name]*
As every colour illuminates
We are shining
And we will never be afraid again

Say my name
